Hyderabad, Telangana - 500032, India

OBJECTIVE

Freshman currently pursuing B.Tech+MS by Research(2029) in Computer Science at IIIT Hyderabad. I'm genuinely curious about how things work — especially when it comes to technology/science. I like diving into interesting problems, building things to learn, and picking up new skills as I go. Right now, I'm focused on expanding my knowledge in AI/ML through hands-on projects and real-world applications.

EDUCATION

- **International Institute of Information Technology** August 2024 - May 2029
B.Tech+MS By Research in Computer Science
◦ GPA(Sem1): 8.17/10
Hyderabad, India
- **GR International School** March 2024
Secondary Education (CBSE 11th and 12th)
◦ Grade: 96.8%
Bangalore, India
- **The Indian Public School** November 2021
Primary Education (IGCSE 7th to 10th)
◦ GPA: 9.58/10
Chennai, India

PROJECTS

- **Project A: Intelligent Parking System** March 2025 - May 2025
Tools: Arduino IDE, ESP32 
Currently working on an IoT based application for an Intelligent Parking System as part of coursework with a team of three. Got exposed technologies like MQTT, Thingspeak, REST APIs and oneM2M. Trying to implement a slightly different strategy on the sensor level to solve this problem.

SKILLS

As a result of coursework over the last two semesters, I have been introduced to the following technologies (light gray indicates that I used these tools as a part of classes and labs only, and I still need to explore them further and deepen my understanding on my own):

- **Programming Languages:** C, C++, *Python, Bash*
- **Web Technologies:** HTML, CSS, *JavaScript, Node.js*
- **Database Systems:** MySQL, MongoDB(No-SQL)
- **Version Control:** Git
- **Mathematical & Statistical Tools:** *NumPy, Matplotlib*
- **Other Tools & Technologies:** *MQTT, oneM2M, Thingspeak, REST API, Postman*

ACADEMIC AND NON-ACADEMIC HIGHLIGHTS

- 99.29 percentile in JEE Mains and 13,290 AIR in JEE Advanced
- Member of the IIITH Dance Club; co-led peer training sessions for cultural events, showcasing team leadership and creative initiative
- Deeply passionate about teaching; known among peers for clear conceptual breakdowns and effective communication
- Self-taught basic C++ during winter break to strengthen programming fundamentals; reached 1000+ rating on Codeforces through active practice
- Curious learner with a strong interest in drawing cross-domain connections

ADDITIONAL INFORMATION

Languages: English (Fluent), Telugu (Native), Tamil (Conversational), Kannada (Conversational), Hindi (Conversational), French(Basic)

Interests and Hobbies: Indian classical music, teaching and simplifying concepts, competitive programming, dancing, yoga
